

Pannello 3CCT 600

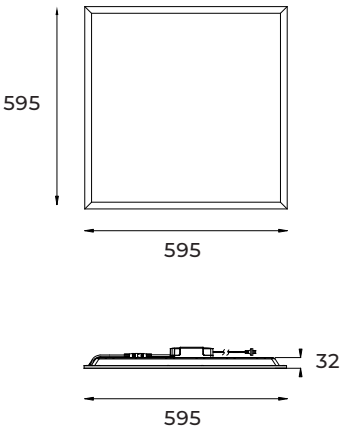

Pannello 3CCTF is a versatile LED panel designed for T-bar ceilings and easily adaptable for recessed, suspended, or surface mounting using optional accessories. It features integrated switches for simple selection between three colour temperatures and two wattage outputs, making it ideal for a wide range of commercial and office environments. Efficient, flexible, and straightforward to install, Pannello 3CCTF delivers customisable lighting to suit any space.
