

## Paso Wood - Floor

Paso Wood is an extension of the Paso line and is designed by the creative minds from Says Who, drawing inspiration from geometry's simple, clear lines. The Paso Wood series consists of a floor lamp, table lamp and a pendant lamp, and all are inspired by the circle, from top to bottom. The legs are cut in beautiful, solid oak and treated with a UV-resistant matt varnish that nurtures and protects the wood, securing a long-lasting finish. The design highlights the lampshade's simple shape, which is a marriage of steel and wood, while the cable is tucked away inside the leg as a surprising, carefully considered detail. The fabric-covered shades feature a velcro solution, so that they can be swapped out with other colors and customized to suit your own decor.

**IP20**     

## Paso Wood - Floor

<b>Dimensions</b>	Ø500mm x 1580mm
