brass + Clear glass,
C2 Matte black + C48 Black
chrome + Smoke glass

Structure made of a metal base coated with epoxy powders and a brushed brass or black chrome disk. Clear or smoke double-wall borosilicate spherical glass Ø120mm.

ABOUT

50s inspired collection of elegant and sophisticated lamps representing the detail to enrich any location. A double-sided spherical bright object in borosilicate glass makes these lamps available in different compositions and a structure made by metal coated with epoxy powder enriched with brushed brass or black chrome details. Different varieties are available for any situation: chandeliers (in five different models) or table lamp, bedside (smaller), floor or wall (available in three different models for single or composite personalized installation). Richness and sobriety all in one single element.
